

### Mission

Our mission is to provide the highest quality of health care essential to the improvement of a patient's total physical, emotional and mental condition.

Not only are we committed to the highest quality of clinical care, we are as equally committed to the overall integrity of our business.

### Affiliation

Caring Hands is a proud member of the Home Care Association of America, the largest group of associated home care providers in the country.

Caring Hands also performs criminal history background checks on all of its employees, checks employee references, and holds employee training sessions to ensure the safety of those being cared for by our staff.

*We help people keep Parents  
and Grandparents in their  
own home with our  
dedicated senior home  
care services!*

### How do I get more information?

The services are individually tailored to your specific needs. An initial planning meeting with our Senior Care Specialist is held at no cost to you, where we will explain all aspects of the care you choose, along with their related costs.

### How do I pay for services?

Caring Hands provides both non-medical and medical services to individuals on a private pay basis. Major credit cards are accepted for our client's convenience, as well as ACH autopay from a checking account. Long term care insurance policies sometimes cover private duty services.

## Non-Medical Home Care Services

Caring Hands understands that we need companionship to live a healthy life. Sometimes we need help with some basic chores and errands, and sometimes just a little company. Caring Hands provides the following services for these circumstances:

- Shower & Bathing Assistance
- Companionship
- Laundry / Linen Change
- Light Housekeeping
- Transportation - Errand Running and Shopping
- Accompaniment to Appointments and Events

- Observation / Supervision
- Dementia Care
- Hospice / Palliative Care

## Skilled In-Home Medical Services

In addition to non-medical assistance, we also provide **Skilled Nursing Services** such as:

- Medication Management / Set-up
- Wound Care
- Lab Draws / Blood Draws
- Health Monitoring

Please call us for more information about how our skilled services may be right for you.

## CARING FOR YOUR HEALTH NEEDS IN THE COMFORT OF YOUR HOME

24 Hours/Day | 7 Days/Week

Our caregivers provide the highest quality of care essential to the improvement of a patient's total physical, emotional and mental health. Our caregivers also provide companionship services to assist with activities of daily living (ADL). Whether services are needed for a few hours a day or 24 hours a day, our caregivers are able to meet your needs.

## When is it time to consider Private Duty Services?

- Nutritional status changes or weight loss. It may be as simple as having a caregiver available to assist in shopping for nutritious foods, assisting with meal preparation, or socializing during mealtime to encourage food intake.
- You may notice medications are not taken or the wrong dosage of medications are taken. Caregivers can assist with medication reminding at the appropriate times. Private duty nurses can provide medication setup and management, communicating with the pharmacy and physicians.
- Clothes are not clean or have been worn day after day without being changed.

## Specialized Services and Training

Caring Hands is always exploring ways to enrich the life of our clients, using a holistic, client-centered approach to caring for older adults or others facing ongoing health challenges. We strive to provide services to ensure the highest quality of care and an optimal life for those we care for, reducing worry, stress and time off work for family caregivers. Some specialized programs we provide:

- H2H (Hospital To Home) Transitioning from the Hospital or Skilled Rehab to Home
- Alzheimer's and Dementia Care
- Senior Lifestyle Concierge Program Providing Caregivers to Staff Senior Communities
- PTSD - Post Traumatic Stress Disorder
- TBI - Traumatic Brain Injury
- Hospice and Palliative Care
